UNbUILT Adelaide:

Calling all Architects, Designers, Urbanists curious City philes and whoever else is listening - we need your Unbuilt works!

As part of this years FAD - Festival of Architecture & Design The PLAN Radio is running a competition (more like an amusing documentation process) to find the most inspired Unbuilt projects and propositions for Greater Adelaide!

The submissions will form not only the beginnings of an ongoing catalogue of unbuilt work but will be in the running to win the inaugural prize for Adelaide's most affecting Unbuilt work. The winning project will also be published in Architecture Australia and of course plastered all over The PLAN and our local media partners.

Submission Criteria:

- Capacity to excite interest and delight in an (as yet!) Unbuilt vision for somewhere in Greater Adelaide.
- Quality and power of graphic and/or textual expression.
- Ability to engage popular comment and discussion of the possibilities for an alternative Adelaide[s]!!

Help us find our 'Bellwether Spectacles' and imagine the possibilities of the 'Never Builds'!

Eligibility:

Entrants:

Adelaide Unbuilt is an open competition and is unlimited throughout the universe. Beyond that is strictly prohibited.

Eligible Projects: Open to all "Unbuilt or Unpublished works - not limited to buildable works and could be a manifesto or a script, reforms, photograph, film, text etc
